

Calcium phosphate, cholecalciferol (Calfovit D3⁰) No 72/03
Trinity Pharmaceuticals Ltd

13 October, 2003

The Scottish Medicines Consortium (SMC) has completed its assessment of the above product and advises NHS Boards and ADTCs on its use in NHS Scotland. The recommendation is summarised as follows:

ADVICE

New combination product for correction of calcium and Vitamin D deficiency in the elderly.

REASONS FOR ADVICE

This product is a once-daily formulation of calcium phosphate and cholecalciferol and is an appropriate less expensive alternative to existing treatments.
