

**paracetamol infusion (Perfalgan)**

**( No: 137/04)**

**Bristol-Myers Squibb**

**Summary of Advice**

13 December 2004

The Scottish Medicines Consortium (SMC) has completed its assessment of the above product and advises NHS Boards and ADTCs on its use in NHS Scotland. The advice is summarised as follows:

**Advice:** following a full submission.

Paracetamol 1g/100ml infusion (Perfalgan<sup>®</sup>) is accepted for use within NHS Scotland for the short-term treatment of moderate pain following surgery and fever, when administration by intravenous route is clinically justified.
